

Surf Soccer Center Camp Precautionary Measures

We are super excited to welcome your daughters to Surf Soccer Center Camp starting the week of June 15, 2020. If at this time you feel unsafe bringing your player back to the field or Soccer Center, we fully support your decision and will welcome your child back when you are ready to return.

Please review the following rules and procedures with your player to ensure they fully understand. Any player that cannot follow the rules will be unable to participate. Please sign and upload this document to Google Drive. In addition, full return to play guidelines can be reviewed by visiting the Cal North Return to Play section of their website: <https://calnorth.org/content/return-play-recommended-guidelines/>.

Precautionary measures:

- Anyone experiencing symptoms of associated with Covid-19 should not participate
- Anyone exposed to someone with Covid-19 must self-quarantine for 2 weeks minimum
- Anyone who has tested positive test for Covid-19 must self-quarantine until they've had 2 negative tests, 2 days apart. Jodi Washington must be notified and approved before returning to camp
- No siblings or adults aside from designated Covid-19 Volunteers are allowed on the field or in the facility
- All adults including coaches must wear masks when not actively coaching
- No more than 12 players max will be allowed at Camp
- Parents must take the temperature of their player(s) at home before participation. If a player's temperature is 99.5 or higher, do not bring them to camp and contact their coach/manager with details

When arriving at the field:

- Players must line up against the fence 6ft apart
- Players ages 12 & up must have a mask on before entering the field
- Coaches must wear face coverings/masks when not actively coaching and maintain social distancing from players
- Any player who appears ill and/or exhibits symptoms including sore throat, fatigue, muscle aches, cough, congestion/runny nose, or loss of taste/smell will not be allowed on the field
- Players will sanitize hands upon arriving and are encouraged to sanitize frequently throughout the camp
- Players will need to maintain 6 ft social distancing at all times
- Players must bring their bags each day of camp. They must add/remove all of their own equipment (soccer ball, bib, shin-guards, hand sanitizer, water balls, etc.) from their bags. All players must have their own sanitizer in their bags.
- Onsite goals will not be used during camp

I will do my part to make Surf Soccer Center Camps & Center safe by being respectful of the social-distancing policies, insisting that my child (Child's full name) _____ wash their hands before entering the field/facility and when arriving at home. Our joint goal is to support the coaches/staff as they work hard to provide a safe place to develop happy, healthy, and confident players.
